

NILES TEACHER IN COURT TODAY; NO DEFENSE PLANNED

Jackson Harold Sweeney, 29, San Francisco, charged on three counts of forgery arising from his allegedly teaching in the Niles Elementary School under an assumed name, will appear in Niles Justice Court today (Friday) at 9 a.m. for preliminary hearing before Judge E. A. Quaresma.

LeRoy A. Brown, Centerville, attorney for the defendant, indicated yesterday that he would not tip his hand at the hearing here by exposing what manner of defense he intends to follow. He said that no defense will be presented here, except for the cross-examination of the state's witnesses, and no witnesses for the defense will be called.

"We fully expect the case to be certified to Superior Court, and it is there that we will present our entire case and call our witnesses," Brown said. He added that since Sweeney's appearance in court here on June 18 to enter a plea of not guilty, he has been able to compile a complete history of the case and all the factors concerned, and concluded with the statement, "There are some unusual aspects to this case."

Sweeney, who is alleged to have used the credentials of his cousin, Glen Forrest Sweeney, while teaching in the school here, is free on \$1,000 bail.

PLANE CRASH NEAR DECOTO KILLS THREE

An airplane crash in the fog-shrouded hills near Decoto early Sunday morning claimed the lives of three persons.

The victims were identified as Emmett Brown, 50, San Leandro, pilot, and his two passengers, Mrs. Ila M. Lear, 47, and Mrs. Florence Eves, 39, both of Oakland.

The trio took off from Hayward Airport at 7 a.m. for Columbia in a light trainer-type monoplane, despite warnings of bad flying conditions.

About 20 minutes later, deer hunters reported that a low-flying plane had crashed in the fog. The wreckage of the plane and remains of the victims were scattered over an area of more than 200 yards on a remote hilltop.

Two Decoto hunters, Eugene K. Luna, 28, of 806 13th street, and Henry Brazil, 43, of 700 Fifth street, were the first to report the crash.

SAFETY COUNCIL PLANS CARAVAN

The directors of the Southern Alameda County Safety Council met at a luncheon Tuesday at the International Kitchen and inaugurated plans for a safety caravan to visit each of the communities in the near future.

Ralph Goodwin, Centerville, treasurer of the organization, presided in the absence of President Hans Ogaard of Hayward. Other representatives present were: Judge E. A. Quaresma, Niles; Colonel Adams, Hayward; George Oakes, Alvarado; and Gordon Cotton, Newark.

MOSQUITO FARM OUT OF BUSINESS

The Alameda County Mosquito Abatement District, which has been doing a splendid job of keeping mosquitoes under control throughout the county, reported this week what it termed "an interesting case."

During a regular inspection for all breeding places of mosquitoes, one of the members of the department came across a small garden pool in which a woman was deliberately causing mosquito breeding, in order to get larvae to feed to her tropical fish.

It can be safely assumed that the fish are on another type of diet.

ALVARADO SUGAR PLANT BEGINS 80TH 'CAMPAIGN'

Holly Sugar Corporation's plant at Alvarado, pioneer successful beet sugar factory in the United States, began its 80th sugar-making "campaign" Monday, August 9, opening day of "Beet Sugar Week" in California.

First established by E. H. Dyer in 1870, the veteran plant here now produces some 980,000 100-pound bags of granulated sugar a year in two "campaigns," spring and fall.

In 1870, Mr. Dyer erected a factory at Alvarado, California, which, though promising, did not pay for a number of years. It was finally established on a profitable basis in 1879, and is generally regarded as the first successful beet sugar factory in the United States.

Two years ago, the Alvarado plant added another "first" to its record of achievements when it conducted a spring sugar-making campaign in addition to the one scheduled for Northern California. The idea spread to other sugar companies and two campaigns a year is now common. This spring, Alvarado produced 285,125 100-pound bags, according to J. A. "Mick" Ratekin, superintendent.

DANCE FESTIVAL AT IRVINGTON

A square-dance festival, to be held Saturday evening at the Irvington Elementary School under the auspices of the Irvington Promoters, is expected to attract hundreds of dancers from the east-bay area.

The dance groups from Hayward and Pleasanton will attend, in addition to countless other folk dancers from neighboring communities. The affair is to be held outdoors in the school yard and will be followed by a barbecue at midnight. The men of the Irvington dance group are in charge of arrangements with Gus Robertson, president, heading the committees.

VACANCY ON NILES SCHOOL STAFF

Members of the Board of Trustees of Niles Elementary School reported this week that there is still a vacancy in the non-certified staff at the school and called for applications from local residents.

The full-time position is a combination of bus driving and custodian work and applicants are urged to contact any member of the board or attend the next meeting to be held at the school on August 18 at 8 p.m.

FETE NEW MEMBER

A dinner-meeting honoring its newest member, Mrs. Dorothy Misener, was given at Pland's Villa last Tuesday evening by the members of the Past President's Club of St. Jude's Institute, Y.L.L., of Irvington.

Present at the affair were Past Presidents Anne Rose, Anne Perry, Esther Rogers, Beatrice Enos, Mae Avila, Irene Harvey, the honored guest, and Father Reardon, chaplain.

TO BE FETED

The alumni of the Washington Union High School Chapter of Future Farmers of America will be the guests of honor at a weiner roast and evening's entertainment to be given by the Chapter at Hidden Valley Ranch on August 25 at 8:30 p.m.

Arnold Silva, chairman of arrangements, said this week that state and regional officers of the F.F.A. will be present, and added that music would be furnished by local musicians.

LAY SEWER LINES AT MISSION; NEW TAX RATES LEVIED

Construction on the new sewer system for Mission San Jose was begun Tuesday.

Contract for the work was awarded John Pestrana, San Leandro, on his bid of \$117,371.70, lowest of the four bids submitted to the Board of Irvington Sanitary District.

ALONG ALL STREETS

The sewer lines for the district, which was recently annexed to the Irvington Sanitary District, will be laid along Vallejo street from Mill Creek road to Pine street, along Ellsworth, Olive streets and Palm avenue. The line connecting the system with the Irvington system will parallel the Irvington-Mission highway to Durham road and connect at the Irvington-San Jose highway.

The contract calls for the construction to be completed in a total of 180 working days, according to R. J. Wright, secretary of the Sanitary Board.

Tuesday evening the Sanitary Board met at the Leal Building in Irvington and established tax rates for the two combined districts of Irvington and Mission San Jose.

VALUATION SET

A tax rate of 40 cents for each \$100 assessed valuation was levied for the running expense fund for the district, which Secretary Wright said would amount to approximately \$4,948.44 per year on the assessed valuation of \$1,237,110.

For the retirement of bonds recently voted by the two districts, the Board set a tax levy of \$1.20 per \$100 assessed valuation for the Mission area and 76c per \$100 valuation for the Irvington District.

MANUEL DUTRA CRITICALLY HURT

Manuel Dutra, 71, Centerville, is in Hayward Hospital recovering from critical injuries received last Saturday afternoon when the motor scooter he was riding crashed into the back of an automobile in Centerville.

The accident occurred on Main street, directly in front of the Centerville Electric Company, when the car Dutra was following made a sudden stop and he was unable to swerve his scooter in time to avoid the crash. The elderly man was thrown from the scooter, striking his head on the pavement. He remained unconscious until 3 p.m. Monday.

MANUEL B. MOURA LAID TO REST

Funeral services for Manuel Bernard Moura, 53, who died Sunday at his home in Decoto, were held Wednesday morning at the Sorenson Chapel in Hayward and Corpus Christi Church, Niles.

Moura, a native of Decoto, is survived by his wife, Mrs. Madeline Moura; a daughter, Mrs. Maria Terra, Decoto; five sisters, Mary Bernard, Josephine Bernard, Mrs. Minnie Costa, and Mrs. Agnes Borges of San Jose, and a brother, Anthony Bernard of Decoto. He also leaves two grandchildren.

Interment was at Holy Sepulchre Cemetery, Hayward.

CENTERVILLE AUTO PARTS STORE SOLD

James Hagen and Arthur Showers, co-owners of the Centerville Auto Parts, Centerville, announced yesterday that they are selling their business to Manuel "Chick" Santos, also of Centerville, the transaction to be consummated Saturday.

Santos, owner of the Township Automotive Store in Centerville, will close the newly purchased business and operate but the one store, located in the former post office building.

Hagen and Showers, who have operated their store for the past two years, have not announced their plans for the future.

NILES SWEET SHOP WILL OPEN TODAY

Mr. and Mrs. H. W. Wells, formerly of Fresno, have moved to Niles and have announced that they will open the Niles Sweet Shop today (Friday).

The couple recently purchased the shop from Maurice Stapleton and stated yesterday that they will be open for business from 9 a.m. to 10:30 p.m. week days and from 9 a.m. to midnight on Saturdays and Sundays.

STUDY NEED FOR FREE DUMP HERE

R. J. Wright, Irvington, chairman of the Alameda County Planning Commission, revealed this week that the commission is considering the purchase of a tract of land in Washington Township to be used as a free dumping ground.

"At the present time there is no place in the entire township where the dumping of rubbish is permitted," Wright said, "and the commission is studying a proposal for the purchase of a 10-acre site and the employment of a full-time caretaker."

Wright said that the commission would meet on August 17 at the court house in Oakland and urged all civic organizations wishing to back the project to forward an endorsement to him by that date.

LOOK TO AMERICAN RIVER PROJECT FOR WATER RELIEF

The Irvington Chamber of Commerce this week joined the ranks of civic organizations of Washington Township expressing grave concern over the dwindling water supply for this area, and pledged support to the Board of Directors of the Alameda County Water District in any of its endeavors to alleviate the problem.

"ONLY SALVATION" At Tuesday's luncheon meeting of the Chamber, Dr. E. M. Grimmer, a director of the water district, told the group, "The gravel beds which hold our underground water supply have a storage capacity for about two years' use, and we are now in the third year since they have been replenished."

Asked as to what he thought was the quickest solution to the problem here, Dr. Grimmer replied, "I think that the only salvation we have is from the proposed American River project, piping water in here for percolation into our gravel beds. We are not included in the original program but our request to be included and receive water from the project has been forwarded."

He went on to tell the group that the water district is now acquiring the abandoned gravel pits near Niles as a reservoir, stating that when there is sufficient rainfall to cause a flow down Alameda Creek the water can be diverted into the pits. He estimated that 200,000,000 gallons of water per day could be percolated from the pits into the gravel beds holding the water supply.

JOINS DRIVE TO EXTEND FREEWAY

The Centerville Chamber of Commerce, at a luncheon meeting held Wednesday at the California Inn, voted to accept the invitation by the Hayward Chamber of Commerce to participate in a hearing in Sacramento on August 19 before the State Division of Highways.

The hearing was scheduled on the request of the Hayward Chamber in its endeavor to push the immediate completion of the Eastshore Freeway as far south as the county line, instead of the present plan to terminate it at Levee Boulevard in San Leandro.

The Chamber voted that L. R. Batman, Niles, a guest at the luncheon, should represent them at the hearing in Sacramento.

SCHOOL TRUSTEES OFFER FREE WOOD

The clearing of approximately 100 apricot and cherry trees from the acreage adjacent to the Centerville Elementary School was begun this week in preparation for the expansion program at the school.

The clearing of the recently purchased land is being done by W. E. McElvain, Niles contractor, and Manuel Oliveira, Judge Allen G. Norris and Ernest Sabina, members of the Board of Trustees of the school, have announced that the wood is available, free of charge, to all who wish it.

NILES C. OF C. WILL ENTERTAIN FIREMEN

Saturday evening, August 21, has been selected as the date for the annual barbecue given by the Niles Chamber of Commerce for the Niles Fire Department, A. M. Alves, chairman of the event, announced yesterday. Serving with Alves is Dr. T. C. Wilson.

Vivian Rose is working in the Centerville post office as substitute clerk during the summer vacation period.

SOUTHERN PACIFIC MAY LEASE SITE FOR BUS DEPOT

Possibility that a portion of the Southern Pacific property on First street in Niles might at last be made useful to the community was indicated Tuesday at the regular meeting of the Niles Chamber of Commerce. It was revealed that negotiations toward the location of a bus depot opposite the Central Bank building are under way.

At the invitation of Secretary Vernon Ellsworth, Alex Gaeta, son of President H. D. Gaeta of the Peerless Stages, attended Tuesday's meeting and explained that the railroad company has offered the bus line a 20-year lease on the property.

LONGER LEASE

Gaeta stated that Peerless Stages wish to lease the land for a period longer than 20 years, and would hesitate to invest in a building for only that period of assured tenancy.

To the suggestion that perhaps the bus company might lease the land and sublease it to another party for construction of a depot, Gaeta expressed interest.

NEED SHOWN

Upon learning of the negotiations, Niles business men were agreed that off-street parking of buses is a factor to be much desired here. Presently, when buses from opposite directions meet in Niles, First street is practically impassable in front of the bus depot.

Willingness of the railroad company to lease the property was also heralded as significant and highly desirable. In the Niles zoning hearings early this year Southern Pacific Company representatives had stated that under no circumstances would the company relinquish the property and insisted that it be zoned for heavy industry in anticipation of the company's own eventual use for it. The zoning committee had urged that the property be zoned for commercial use.

Last year the railroad company declined to sell any of the land to the Niles Fire District for erection of a new firehouse.

Gaeta stated that he would report back to the Chamber any new developments in regard to the proposed lease.

TOWNSHIP TALENT ASKED FOR PAGEANT

Alameda County will have the opportunity of showing the State of California what it can do in the way of observing the California Centennial when it stages a spectacular pageant, "Glory in the Land."

The pageant, to which there is no admission charge, will be presented at Woodminster Amphitheater in Joaquin Miller Park on August 27, 28, 29, and September 3, 4, 5, 9, 10, 11 and 12.

Anyone in the township who has talent in the line of dramatics, modern or folk dancing, or choral, is invited to participate by contacting Raymond N. Doyle at 1401 San Pablo avenue, Oakland, or phoning GLenwood 2-1950.

13-YEAR-OLD DROPS DEER WITH 1 SHOT

Young Harry Searies of Decoto proved himself as a hunter last Sunday when he shot a two-point buck on the Overacker ranch at Mission San Jose.

Harry, 13, went along with five grown-ups who, of course, knew a lot about deer hunting. That was the verbal impression they gave the boy. Harry listened.

Than his chance came. When he saw the forked-horn he raised his rifle as calmly as he could—it wasn't an easy shot—and fired. That one shot was enough.

The deer weighed a hundred pounds.

The five grown-ups had something new to talk about now. Yes, sir, Harry was quite a marksman.

MRS. FUI UCHIYAMA CLAIMED BY DEATH

Mrs. Fui Uchiyama, 65, longtime resident of Warm Springs, died in a San Jose hospital Sunday following an illness of but a few weeks.

She was the wife of Aisuke Uchiyama; mother of Hideo and Lumiko Uchiyama, both of Warm Springs, and Jimmy Uchiyama of New York.

Funeral services were held Tuesday from the parlors of the Berge Mortuary in Irvington at 2 p.m. Closing services were at Oak Hill Cemetery, San Jose.

Water Conservation By County District Receives Approval

Another hurdle in the establishment of a flood control and water conservation district in Alameda County was cleared this week when the Board of Supervisors endorsed the plan and instructed the district attorney's office to prepare necessary legislation to be introduced at the January 1949 session of the State Legislature.

The action was taken at the request of the newly organized Land Development Committee of Alameda County, composed of representatives of the Chambers of Commerce of the entire county.

DISTRICTS INADEQUATE

The district would be created to provide for the control and conservation of flood and storm waters; the protection of water courses, watersheds, public highways; life and property from damage or destruction; to provide for the retention and reclamation of drainage, flood and other waters, and to save and conserve such waters for beneficial use.

County Surveyor Wallace Boggs, reporting to the supervisors, told the group that the preliminary studies made by his office have indicated that the drainage job in the county is not being handled adequately by present small individual districts. "There is a need for unified action on a plan similar to countywide drainage districts formed in several other California counties with the Board of Supervisors serving as a governing body and with a board of directors composed of various districts served," Boggs said.

"I think we're all aware of the need for relief," Chairman of the Board George A. Janssen said, "and we know that this action is necessary to help develop space for continued growth and to give relief to agriculture by impounding waters now being wasted."

LEGISLATORS GIVE BACKING

The action this week was the outgrowth of a meeting held May 4 with Assemblyman Francis Dunn and other Alameda County legislators, when the need for a flood control and water conservation district embracing all of the county was pointed out. The legislators agreed that such a district would have to be created under permission of the legislature, and they agreed to sponsor the measure at the next regular session.

Meanwhile, to consider further deterrents to expansion and growth, the Land Development Committee will hold its next meeting Monday at 8:30 p.m. at Svendgaard's Restaurant, 16290 Foothill Boulevard.

LIONS HEAR WATER DISTRICT HEAD

W. D. Patterson, president of the Alameda County Water District, was the guest speaker at the meeting of the Centerville Lions Club, held Tuesday evening at the International Kitchen.

Patterson reviewed the present conditions of the water supply problems faced by this area and revealed the increasing threat of salt water seeping into the wells near the bay.

He told the group that analysis of a well near Newark on July 28 showed it to be 15,580 parts the U. S. Army engineers to obtain an analysis of the same well two days later showed it to contain 20,000 part salt, but 5,000 less than the water in San Francisco Bay.

Patterson told the Lions that the district is now negotiating with a salt company in Newark and salt to one million part fresh water, a permit to put a temporary dam across Jarvis Landing Slough. "We have reason to believe that the salt water seeping into our upper strata water tables is originating from this slough," Patterson said. He added that it was proposed to dam off the salt water for a period of time and make constant tests of the wells in that territory to determine if the salt water content shows any decline.

ROTARY CLUB PROGRAM

"Rotary and World Affairs" was the subject of Dr. Paul W. Reagor, past president of the Oakland Rotary Club, who spoke to the Niles Rotary Club yesterday at its regular luncheon meeting. Next week, according to Program Chairman C. W. Kraft, Merrill F. Woodruff, business specialist, will discuss "U. S. Department of Commerce Aids to Small Business."

NEW CONSERVATION PLAN INAUGURATED BY WATER DISTRICT

A large scale plan for the future conservation of the water of Alameda Creek is expected to be completed Saturday at the regular meeting of the Board of Directors of Alameda County Water District. It was pointed out this week that a metropolitan newspaper last Friday printed an erroneous story that the transactions had been completed.

At the meeting in the Centerville office, the directors hope to consummate the purchase of 30 acres from Pacific Coast Aggregates and the leasing of 70 acres of the Shinn Ranch. However, neither of the transactions had been completed as of yesterday.

SAVE FLOOD WATERS

The overall plan of the project is to prevent the loss of any water running down Alameda Creek, conserving it here for percolation into the gravel beds, which hold the local water tables.

According to W. D. Patterson, president of the water district, the 30-acre pit on the west end of the Shinn property will be used for percolation. "This pit was the last used by the Pacific Coast Aggregates Company and has the gravel cleanly exposed, thus allowing rapid percolation," Patterson said.

The other pits, on the land being purchased from Pacific Coast Aggregates, have been crusted over with silt, thus allowing for little, if any, percolation of the water into the gravel beds, so they will be used for trapping the flow of water down the creek. "In time of a flood," Patterson added, "the muddy water could be diverted into these various pits for storage and to allow the sediment to settle. Then the clear water could be released into the clean pit for percolation."

READY TO START WORK

Asked as to the advisability of percolating fresh water into the upper water tables, which are rapidly becoming contaminated with salt water, Patterson had this to say: "If we get sufficient rainfall to cause a good flow down Alameda Creek, by means of this new conservation system we should be able to get the water table back above sea level. This factor, combined with the constant pumping of the salt water should halt the seepage of salt water and replenish the upper levels with pure water."

INITIAL PRACTICE SUNDAY FOR WASHINGTON ALUMNI GRID SQUAD

Football greets of Washington Township will report at Memorial Stadium at the high school Sunday at 10 a.m. for the initial drill in preparation for the 1948 season of the Washington Alumni squad.

The powerful squad, playing under the banner of the Vallejo Mills Post, V.F.W., last year scored a total of 110 points while holding its opponents scoreless, and is expected to be even stronger this season with many of last year's high school varsity added to the roster of stars.

The team got off to a late start last year and, after rolling over all opposition in the first three games, found itself in the position of being ignored by all other teams in the vicinity when talk got around to scheduling a game.

NINE-GAME SCHEDULE

Last year's coaches, Lawrence Pine and John Davis, will return as mentors this season, assisted by Jud Taylor and Clyde Voorhees of the high school staff.

A nine-game schedule is planned for the season and the tentative opening game will be against the Hayward Raiders on the Hayward field at 8 p.m. on September 17. It is expected that the team's home

games will be played at Memorial Stadium on Sunday afternoons.

The roster of last year's squad, most of which are expected to report for duty again this year, included: Wayne Calhoun, Julius Pine, Ken Calhoun, Pat Luna, Barney Bragg, Dick Belding, Ruben Lorensen, Ronnie Oliver, Tom Sinclair, Joe Schelbert, Ted Lira, Lionel Rocha, Hal Alameda, Mel Leal, Tom Ashton, Hayden Freitas, Norvell Peixotto, Paul Fracoli, Tom Kern, Norman Dolin, Mel Gardella, Mervin Boyce, Len Smith, Lorin Mohn, Chick Luna, Weldon Pine, Moses Oliveira, Ruben Ramos, Vernon Vargas, Don Furtado, Alex Bernard and Alden Chamness.

ALL POSITIONS OPEN

Also expected to report Sunday for their bids for berths on the squad are the graduates of last year's high school class, which included Phil Enciso, Ruben Rodriguez, Gerald Morley, Irving Alameda, Joe Salvador, Gerald Nunes, Art Hughes, Cliff Fields, Jim Aguilar, Don Andrade, and Roland Chivers.

Coach Pine made it known this week that every position on the team is "wide open" and urged all football aspirants to report to the field Sunday.

HUNTERS REPORT DEER PLENTIFUL AS SEASON OPENS

Deer hunters of the township took to the hills last Saturday for the opening day of the deer season and, according to authorities validating the tags, were finding little difficulty in bagging their prey.

Alameda County Game Warden Fred Rogers, Centerville, said yesterday that he had validated more than 30 tags and reported the largest buck taken to date, one shot by Clarence George, which weighed 135 pounds when dressed. Rogers said that the deer had been turned over to the Centerville Fire Department. The Solon brothers, Niles, said yesterday that they had validated 20 tags since the season opened. The largest deer reported to them was a 4-pointer bagged by Lawrence Bunting, Niles, near Livermore. Local food locker plants were doing a land-office business with hunters bringing in the bucks bagged in various parts of the deer country.

In the meantime, while the hunters were trudging through the hills anxiously awaiting a shot at one of the elusive deer, a large two-point buck has been raiding lettuce fields near Centerville the entire week, with a score of residents reported seeing the raider.

GAME HERE SUNDAY

A return battle between the Decoto Chamber of Commerce and Niles Junior Chamber of Commerce will be played Sunday at 10 a.m. on the softball diamond at the Niles Elementary School.

At the initial meeting of the two clubs last month on the Decoto diamond, the Niles team came out on top of a wild seven innings of base-running which ended 18 to 12.

DECOTO'S RALLY SHORT, LOSE 3-2

Despite the four-hit pitching of Buddy Ramirez, the Marlo baseball club of Decoto lost a heart-breaker last Sunday to the Auto Mechanics Union of Oakland 3 to 2 on the Elmhurst diamond.

The Oaklanders scored one run in each of the first three innings and went into the ninth with the three run lead. However, with two away in the final frame the Decoto club came to life and hammered in two runs and had the tying and winning runs perched on bases before the mechanics could collect the third and final out.

Manager Al Ferreira said this week that the Decoto club would return to Elmhurst diamond this Sunday for a 11:30 game, but the booking of their opposition has not yet been announced.

IRVINGTON HITTING SPREE ENDS GAME

The Irvington Merchants baseball team had a great day in Stockton last Sunday. In fact, they put on such an exhibition of baseball that their opposition, the Solar's Grill Club, tossed in the towel in the fourth inning.

While Big Hank Dutra held the Stockton club hitless, his teammates wore a groove around the baselines and at the end of the fourth, with Irvington leading 11 to 0, the home team decided it was too hot to play ball and hosted a barbecue for the victors.

This Sunday the Irvington club will journey to Santa Cruz for a 2:30 game with the Optimist Club.

FARM BUREAU DAY

The announcement was made this week that Farm Bureau Day at the California State Fair has been scheduled for September 3.

OVERACKER SHOOT MOUNTAIN LION

There is one less mountain lion roaming the Mission hills this week.

Sunday morning, Howard Overacker's airedale, "Mac," scented a cat and, showing characteristic dog interest, started looking around. Howard followed the dog. A small tree swayed where the airedale

stopped. It was not far from Michael Overackers house. Howard looked up, saw the mountain lion, fired one shot. That was enough. The "cat," a young one, weighed 85 pounds and measured five feet from tip to tip.

Who pays for new telephones?

1. This sight represents a lot of money. For the land, buildings, equipment, and wires needed to serve each new telephone cost us far more than prewar... just as the things you buy cost more. To meet the West's growing telephone needs we're putting more than half a million dollars to work every day.

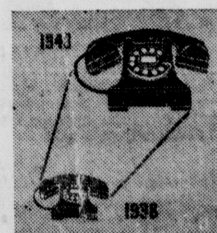

2. This complex equipment can't be paid for out of telephone bills... it takes a lot of new money furnished by investors. But the telephone bill does play an important part. It covers wages and taxes and other costs of services and—when rates are fair and adequate—leaves a few cents profit to pay investors for the use of their money.

3. Can a housewife pay for new telephones? Many do. For many thousands own telephone stocks and bonds. Money for a vast amount of new facilities comes from such investors. To keep the system growing and improving, we must keep on attracting new money to pay for it. We can do it only if we sell our services at fair and adequate prices.

4. When you make a local call, your cost averages less than a nickel. For those few pennies you hire a mighty servant... a bigger servant than ever before. There will soon be twice as many telephones on the Coast as ten years ago. More are being added. And each new one makes your telephone just that much more valuable.

NOW IT'S EASY TO DO A Sweet JOB OF HARVESTING SUGAR BEETS—

WITH THE NEW McCORMICK-DEERING HM-1 BEET HARVESTER

Now it's easy to harvest beets in less time—and at the right time—with a McCormick-Deering HM-1 Beet Harvester for your Farmall H, M or MD Tractor. This machine harvests 5 to 6 tons of beets an hour. And you don't have to worry about weather or field conditions—you can harvest your beets no matter whether it's hot, cold, wet or dry.

In one continuous operation, this beet harvester tops, lifts, cleans and loads the beets into a special cart pulled behind the tractor. The cart is equipped to elevate the beets into a truck or wagon at the end of the field. This eliminates handling and it's not necessary to drive the truck across the beet field.

Come in today. Let us show you how the new McCormick-Deering Sugar Beet Harvester will do a sweet, efficient job of saving you time and money.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

ON WINNING LAUNCH

The Mayock boys, Douglas and Stoney, experienced quite a thrill on Sunday when they spent the weekend at the home of Dr. and Mrs. Burton Adams of Berkeley, for they helped the doctor drive his 45 foot power launch to a victory at the St. Francis Yacht Club in San Francisco. They came in first for speed and also for covering a prearranged course which was a secret to all contestants who had to pick the course as they run it. This is the young men's first experience at boat racing and proved quite a wonderful experience.

ON VACATION

While daddy and mommy Santos are away on a two weeks' vacation, little Diane Santos and brother,

Michael, are staying with "Nana" and Glenn Bottenberg. The folks will see Mr. and Mrs. Byron Justus at Crescent City, an uncle of Mrs. Santos, the Oregon Caves, and later to Tahoe where they will spend a few days with Mr. and Mrs. N. J. Kamp and family, a sister.

SEE CIRCUS

Circus goes to San Jose to see the Shrine Circus were Mrs. Rosalyn Garcia and son, Stanley, and Mrs. Marie Cunha and daughter, Janice.

IN WASHINGTON

Paul Aust has been vacationing at Seattle, Washington, with his sister and family, Mr. and Mrs. Walter Kane Scott and family, and also at O'Brien Resort in Shasta county. Mother Aust is keeping the home fires burning now as Paul did while she was away on her long vacation this summer.

BIRTHDAY OBSERVANCE

Monday evening a number of friends dropped in on "Rick" Meyers at his home here to help him eat ice cream and birthday cake. He has been a very busy young

man accumulating enough of that solid round stuff this summer by working at the Allan Hirsch ranch in the cots to enable him to continue his studies at State College in San Jose where he is studying to become an engineer. Don't ask me what kind, for even though he has told me, I have let it slip.

VACATIONING HERE

The old Sammy Metzger Ranch is again occupied for a few weeks, as the family of Janie Weil and her daughter Susan and son Stephen and the Eche family, all of San Francisco, are vacationing in the old family homestead. Mrs. Weil is a niece of Sammy Metzger.

SURPRISE VISITOR

Boy, oh boy, what a grand surprise to little Marie Andrade and her mother, Evelyn, a few days ago. A knock came to the door of the home of Mrs. Rose Goularte where they are making their home and lo and behold, Daddy Luis Andrade from all the way over in the Azores, was standing there ready to greet his happy family. He was not due for arrival for at least a month or two but he got passage on the clipper and influence of friends made his arrival sooner than he expected, so now if you see happy grins on the face of Marie and her mom you will know why.

JOINS FAMILY HERE

William Mulcahy of Dallas, Texas, has joined his wife, Betty, and children at the Mission Hereford ranch where they have been spending the summer with her mother, Mrs. Margaret Bunting. They will return to Texas before long as young Betty must get back into school.

SUMMER COURSE

Miss Vivian Higuera, dance teacher at St. Mary of the Palms, is in Stockton going to College of Pacific this summer where she will learn all the folk dances and other dances adapted to grammar school children. She has been doing a marvelous job here at the school already for the youngsters have given several recitals and also were prominent in the Sesqui-centennial Pageant last year.

MOVE AWAY

Mr. and Mrs. Almon S. Aldrich have left our community and sold their place and returned to Auburn to live. We will miss his very friendly smile and cheery "Good Morning Glory" when he arrived at the post office every morning.

FIRST DEER

The first deer reported in at the Mission was one gotten by Abel Vargas on their ranch in the Mission hills. It had two right and two left and was in nice shape.

Another lucky hunter was Lester Semas who brought in a 122 pound buck shot on his step-father's place, Mr. Herman Bell, in the Livermore hills. I think this was Lester's first one and was also taken on Saturday morning.

HOME FROM UTAH

Mrs. Janie Lofton and daughters, Iras, Marvene and Lola, have returned from a two weeks' vacation to Utah where they visited the Mormon Temple and marveled at its beauty and construction. They attended a family reunion and visited many friends and relatives. They were formerly from that state.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA
No. 212698 Dept. 1
SUMMONS
MARY GEORGE RODRIGUES, Plaintiff,
vs.
SARAH G. VROOM, MARIA B. POPE, ANNIE R. MARSTON, WILLIAM K. FORSYTH, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:
SARAH G. VROOM, MARIA B. POPE, ANNIE R. MARSTON, WILLIAM K. FORSYTH, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

You are hereby directed to appear and answer the Complaint filed in the County of Alameda, in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Alameda, within ten days after the service on you of this summons—if served within said county, or within thirty days if served elsewhere.

You are hereby notified that unless you appear and answer as above required, the said plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

The object of the above entitled action is to quiet in plaintiffs title acquired by them or by their predecessors in interest in and to the real property hereinafter described through purchase of the same at sales for delinquent taxes of the County of Alameda, State of California.

The property herein referred to is more particularly described as follows:

PARCEL 1: Lots 1, 2, 4 and 5, in Block 171, as said lots and block are shown on the "Map of the Town of Newark, Alameda County, Cal. 1876," filed May 6, 1878 in book 17 of Maps at page 10, in the office of the County Recorder of Alameda County.

"Boss wrangler" of all P. G. and E.'s electrical horsepower is the System Dispatcher who sits in front of this giant control board in Oakland. His word, spoken into a telephone, starts giant generators whirling at a hydro plant in the High Sierra or spins a turbine in a steam generating plant miles away. And when less power is needed his word stops the flow. For the Dispatcher keeps our vast system efficiently balanced to meet your demands every instant . . . to make P. G. and E.'s 3,000,000 horsepower do its work well for California.

When trouble strikes, the dispatcher's job gets hectic. He must call on other plants to increase their power output and make the service interruption, if any, as brief as possible.

Your breakfast toast is part of the dispatcher's responsibility. For he must make sure that our tremendous power output is working for you . . . as much as you need . . . when you need it.

California at a cost of more than \$400,000,000. More than 1/2 of this new power will be serving you in less than a year.

Six-Year-Old Hits Hollywood Mags

Claire Joanne Roderick, daughter of Mr. and Mrs. Joseph P. Roderick, former Alvarado residents now living in Hayward, has recently posed for Hollywood photographers and has been selected as one of Hayward's young misses to appear in Hollywood's magazines. Only six years old, she has signed her contract and entered into a contest. It goes without saying that she has a couple of proud parents.

At Wright's Lake

Mr. and Mrs. Michael Overacker and children returned home to Mission San Jose last week after two weeks vacationing at Wright's Lake in the Sierras. Fishing and swimming provided the main occupation for the family—all of them coming back with enviable coats of tan.

Attend Barbecue In Santa Clara

Several localities attended the Y.M.I. barbecue at the Wieland Brewery in Santa Clara Monday evening. Included in these were Mr. and Mrs. Joseph Perry of Irvington, Mr. and Mrs. Walter Zbyzenski, Mr. and Mrs. Edward Rose, Mr. and Mrs. Vernon Leal, Mr. and Mrs. Manuel Guardanapo, Miss Carrol Ann Rose, and Bobby and Larry Guardanapo.

Visiting in Oregon

Mr. and Mrs. R. D. Allen Sr. of Irvington left last week for Oakland, Oregon, for a visit at the home of her sister, Mr. and Mrs. Glen Heaton.

At Carmel

Mr. and Mrs. Clyde Voorhees of Centerville have returned home after a few days vacationing at Carmel.

LOCAL MAN CLAIMS HAWAIIAN BRIDE; NOW MAKING THEIR HOME IN DECOTO

At home to their friends now are the newlyweds, Mr. and Mrs. Anthony Edward Dutra, who have returned from a honeymoon spent at Rio Nido to make their home in Decoto with his father, Mr. Frank S. Dutra.

The young couple was married on the same date, July 25, that the bridegroom's father took as his bride the late Mrs. Mary G. Dutra at Bedford, Massachusetts, 40 years ago.

The ceremony, performed at All Saints Catholic Church in Hayward, was attended by the bride's parents, Mr. and Mrs. John Monte Medeiros, who came from their home at Paia, Maui, T. H., for the wedding.

The bride, the former Roselyn Margaret Medeiros, also of Hawaii, was given away by her father. She was attired in a beautiful gown of lace and satin, fashioned with a long train and fingertip veil, held in place with a coronet of orange blossoms and seed pearls. She carried a bouquet of carnations and orchids.

The groom's youngest brother and his wife, Mr. and Mrs. Henry

G. Dutra, were the honor attendants. Mrs. Dutra wore a gown of blue marquisette with a matching blue hat of net, and carried a French bouquet of carnations of harmonizing colors.

The bridesmaids, Mrs. Ralph Leiva and Miss LaVerne Houx, were in similar gowns in yellow, with yellow net crowns on their heads. They, too, carried bouquets of carnations.

The little flower girls, Lynette Ann Lee, niece of the groom, and Anne Helene Pimentel, daughter of Mr. and Mrs. Frank L. Pimentel, wore miniature gowns fashioned just like those of the bridesmaids but in white, with head pieces of net and ribbon, and white gloves, and carried nosegays of carnations.

For her daughter's wedding, Mrs. Medeiros chose a blue gown with an orchid corsage.

Dinner for the immediate family was held at Svendsgaards with a reception later at the I.D.E.S. Hall in Hayward. Music was furnished by the Pinto Brothers orchestra. Refreshments were by the Hollywood Catering Service of Oakland, with the traditional cake being cut by the bride and groom.

DECOTO DISCUSSION GROUP GUESTS OF MISS BERONIO AT LUNCHEON MEET

By ETHEL AVILLA

Miss Eda Beronio entertained guests and members of the Decoto Discussion Group with an al fresco luncheon at her home in Mission San Jose, Wednesday, August 4. Luncheon was served buffet style and the tables were set up in the shade of a towering avocado tree in the garden. Guests were Miss Olive Hyde, Miss Teresa Gallegos and Miss Beronio's summer house guest, Mrs. Lenor Pasquali of Rome, Italy.

Mrs. Bernie Joseph, leader of the discussion period which followed, first gave a resume of the life of the author, Ethel Forbes, followed by an able review of her book, "Johnny Tremain," to the great enjoyment of some of the guests who had not had an opportunity to read it. The discussion which followed brought out differences of opinion about the author's style, the historical slant—that period in American history leading up to the revolution, including the Boston Tea Party and the Battle of Lexington, and the outstanding incidents of the book.

On September 1 a reunion celebration will be held at the home of Miss Olive Hyde. The group is looking forward to seeing many of the old members, especially those who have moved away. Mrs. Walter Walker, former Decoto librarian, and Miss Mary Barnby, retired Alameda County librarian, are the organizers of the group and both are expected to attend this coming event.

Colorado Visitors

Mr. and Mrs. Vernon Leal of Irvington spent last week-end in Sacramento at the home of her parents, Mr. and Mrs. George Jones. Mrs. Leal remained over for an extra day's visit and was accompanied by her brother and sister-in-law, Mr. and Mrs. Bill Jones of Colorado, who will visit here for a few days.

Return to Islands

Tony DeRego and family of Honolulu, who have been visiting relatives in Irvington and other California communities for the past two months, left via plane Wednesday from San Francisco for the return trip to the islands.

New Resident

Julia May Sanchez, daughter of Mr. and Mrs. Joseph Ramirez Sanchez, Alvarado, made her initial appearance on August 2 at Community Service Hospital in San Jose.

Rachel Williams

Receives B. A. Degree

Rachel Williams, daughter of Mr. and Mrs. L. S. Williams of Irvington, has been spending her week-ends with her parents, now that her college days at Berkeley are over. She recently received her B.A. degree from Cal, having majored in psychology. She and a girl friend share an apartment in Berkeley.

Leaves for Arizona

Barbara Krueger of Irvington will leave today (Friday) for Phoenix, Arizona, where she will spend the winter at the home of her sister, Mr. and Mrs. W. G. Stewart, and will attend Tolleson Union High School. She will be accompanied on the trip by two nephews, David and Jerry Stewart, who have been visiting in Irvington for the past several weeks.

Unusual Birthday 'Party' For Six-Year-Old Girl

Little Miss Wendy Hewitt, daughter of Mr. and Mrs. Clyde Hewitt of Newark, received an unusual birthday present last Monday—one that she hadn't expected or wanted.

In addition to the usual things—dolls, story books, etc.—which six-year-olds get on their birthdays, Wendy was presented with a nice plaster cast by her physician, Dr. Merle Buehler.

Wendy, it seems, thought the observance of a sixth birthday called for an unusual celebration, so she decided to take a ride on a truck-load of hay that had been baled by her father.

Everything was lovely 'way up in the air. She was a six-year-old princess, surveying her kingdom as she rode along until—well, until the branch of a big eucalyptus tree got in the way and sent her flying off into space and eventually landing in a heap on the ground, empty-ump feet below.

Wendy was rushed to the hospital and is now wearing a plaster cast on her arm. So her sixth birthday, though not exactly a happy one, will at least be one that she will long remember.

Niles Women Take To the Air

Everett Mendenhall, Niles flyer, had perhaps the most appreciative group of passengers he's ever taken up in his plane when he flew his mother and two of her friends, Mrs. Iva Marble and Mrs. Grace Mapphet, down to Los Angeles last Saturday. Flying around in her son's plane is no novelty to Mrs. Mendenhall, but the other two found it to be a novel adventure. They had dinner Saturday night at Knott's Berry Farm, and spent the night at the home of friends in Inglewood, Mr. and Mrs. Lewis Cole. They planed home on Sunday.

New Resident

Newest Centerville resident is Kathleen Marie, 7 pound, 14 ounce daughter of Mr. and Mrs. Albert R. Lawrence, born August 2.

Returns to Irvington

Pete Weaver, former operator of the Irvington Bakery, returned to Irvington this week after a three months' visit in Edwardville, Ill.

Centerville Man to Take Australian Bride

A romance with an international flavor will culminate in wedding bells before long for Lorna Jones of Brisbane, Australia, and Joe Bauhofer of Centerville.

Miss Jones, who has been visiting in the states for the past six weeks, announced her engagement to the popular young Centerville business man last week. She met him in 1942 when he was in Australia with the Army.

The betrothed girl is the daughter of Mr. and Mrs. Alexander Thomas Jones of Brisbane. The benedict-elect is the son of Mr. and Mrs. Joseph Bauhofer, owners of the Cloverdale Creamery in Centerville.

The wedding date has not been definitely set.

Niles Girl's Betrothal Told

Miss Vivian Maciel, daughter of Mr. and Mrs. J. L. Maciel, Niles, at a birthday party in her honor given at the home of her parents last Thursday evening, August 5, announced her engagement to David Escobar of Mission San Jose.

The announcement was made by way of a cake which bore the names "Viv and Dave." No definite wedding plans were revealed. The bride-to-be has been employed at the Kimber Poultry Farm for the past three years and the benedict-to-be works with his father, Antone Escobar, in the operation of their ranch.

Guests at the party included: Mr. and Mrs. Antone Escobar, Mr. and Mrs. J. L. Maciel, Mr. and Mrs. Virgil Campagna and son.

Daughter to Montes

Mr. and Mrs. Philip P. Monte, 708 Third street, Decoto, are the proud parents of a daughter born August 3 at Hayward Hospital. The little lady weighed 5 pounds 15 ounces and has been named Kathleen Suzanne.

Back to the Coast

Mrs. E. B. Windrom, former Niles resident who has been making her home for the past year at Oleana, Illinois, has come back to Richmond to make her home, according to word received by The Register.

RETURN HOME
Mr. and Mrs. Vernon Carey of Niles have returned to their home after a two week vacation trip. They first visited Yellowstone National Park and then went on to St. Louis, Missouri, where they visited with Mrs. Madeline Carey's sister, Gladys. They took with them their small house trailer which they bought mostly to make the trip more enjoyable. Everything went fine until on their way home they met with a terrible hail storm. The storm was so bad it broke the windshield of the car and the windows of the house trailer. Vernon is the son of Mr. and Mrs. Joe Carey of the Union Service Station at Decoto. He was the former owner of the service station before his father took it over.

ON MOTOR TRIP
Mr. and Mrs. Joe Carey and Mrs. Elsie Brown of Hayward went sight seeing through most of the Contra Costa county on Sunday. It has been some time since they have been through that county and were quite amazed at all the buildings and other improvements that are going on. After their little trip they saw a show in Oakland, and then to Spenger's at Berkeley where they had a fine fish dinner. The occasion was the celebration of Joe Carey's birthday.

ATTEND SHOWER
Mrs. John Monte and daughters, Isabel, Barbara and Mary Monte Blair and Mary Blair's son, Edward, of 928 Eleventh street, attended a bridal shower on Saturday night for Miss Lorraine Campi of Oakland. The shower was given by relatives of the bride-to-be. It was held at the Saint Mary's Hall at Eighth and Grove streets, Oakland. Miss Campi is the godmother of little Edward Blair.

VACATION PLANS
Mr. and Mrs. Raymond Cadman of 426 Third street, and son Raymond Jr., toured to Guerneville on Sunday. While there they rented a cabin for next week. Mrs. Cadman and children and Mrs. John Monte will leave this weekend for a week's stay at Guerneville.

I HEAR TELL IN NEWARK

By THELMA McNIEVE

CHRISTENED SUNDAY

Little Miss Herminia Leonalde Cunha, infant daughter of Mr. and Mrs. Elidio Cunha, was christened Sunday at 11:30 a.m. at St. Edward's Church with Rev. J. J. McLaughlin officiating. Her godparents were Mr. and Mrs. Antonio Cunha. The little lady had been made for her daddy by her grandmother when he was christened. The tiny dress was beautifully made in delicate Madeira work and the bonnet was especially lovely. All of a mother's love for her child went into the making of this exquisite costume, which had been kept these many years tucked away like a treasure and brought out again just as fresh and lovely as when it was first worn. Following the christening a family dinner was served at the Antonio Cunha home on Thornton avenue. Present were Mr. and Mrs. William Lawrence and Miss Virginia Lawrence, Mission San Jose; Bob Oliveira, Centerville; Mr. and Mrs. Leonard Amaral and children, Rose Marie and William; Mr. and Mrs. George Rodriguez and children, Dorothy and Marilyn of Mission San Jose, and little Miss Ristine Cole. Daddy, who is in the army, had to leave in the early afternoon for his station at Monterey, and the rest of the family visited at the convent at Mission San Jose where baby Herminia was most admired by the sisters. Her mother is the former Mary Lawrence of the Mission.
